HCAD #0091460000004

Re: Wastewater and Water Reservation No. 0028967-000 **Lot # 2570 Fifth Ward**

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 5,450 square feet of land being Lot 4, Block 26, Chapmans, Section 2, located at 2314 Carr Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Land Assemblage Redevelopment Authority

Re: Wastewater and Water Reservation No. 0028968-000 **Lot # 2582 Fifth Ward**

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 5,000 square feet of land being Lot 7, Block 23, F. F. Chew, located at 2602 Chew Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Re: Wastewater and Water Reservation No. 0028970-000 **Lot # 2578 Fifth Ward**

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 5,000 square feet of land being Lot 9, Block 3, Comfort Place, located at 4006 Eddie Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Re: Wastewater and Water Reservation No. 0029010-000 *Lot # 5532 Fifth Ward*

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 4,450 square feet of land being Tract 25, Block 1, Ingraham, located at 3207 Farmer Street.

Wastewater and water capacity is currently available for your proposed construction of one (1) single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 7,5000 square feet of land being Lot 16 and Tract 3, Block 6, Ingraham, located at 3313 Farmer Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Re: Wastewater and Water Reservation No. 0028978-000 *Lot # 2664 Fifth Ward*

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 7,448 square feet of land being Lot 10, Block 8, Grant Park, located at 4401 Liberty Road.

Wastewater and water capacity is currently available for your proposed construction of three (3) single family residences, or a development utilizing a maximum of 3.0 service units per day.

An Impact Fee in the amount of \$3,202.41 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$902.79 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Re: Wastewater and Water Reservation No. 0028979-000 **Lot # 2658 Fifth Ward**

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 4,500 square feet of land being Lot 5, Block 1, Ralston, located on Lucille Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Re: Wastewater and Water Reservation No. 0028985-000 **Lot # 2668 Fifth Ward**

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 6,175 square feet of land being Tracts 3 and 4, Block 9, Greggs, Section 2, located on Noble Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Houston, Texas 77026
HCAD #0561330000010

Re: Wastewater and Water Reservation No. 0029001-000 *Lot # 2579 Fifth Ward*

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 5,000 square feet of land, being Lot 10, Block 3, Comfort Place, located at 2610 Russell Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Land Assemblage Redevelopment Authority

Re: Wastewater and Water Reservation No. 0029006-000 **Lot # 2584 Fifth Ward**

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 10,000 square feet of land being Lots 6 and 7, Block 7, F. F. Chew, located at 2208 Sam Wilson Street.

Wastewater and water capacity is currently available for your proposed construction of two (2) single family residences, or a development utilizing a maximum of 2.0 service units per day.

An Impact Fee in the amount of \$2,134.94 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$601.86 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Re: Wastewater and Water Reservation No. 0029007-000 *Lot # 2583 Fifth Ward*

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 10,000 square feet of land being Lots 6 and 7, Block 14, F. F. Chew, located at 2422 Sam Wilson Street.

Wastewater and water capacity is currently available for your proposed construction of two (2) single family residences, or a development utilizing a maximum of 2.0 service units per day.

An Impact Fee in the amount of \$2,134.94 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$601.86 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**

Sanitary sewer connection must be made to the 8-inch sewer in Sam Wilson Street.*

Water connection must be made to the 8-inch water main in Sam Wilson Street.*

Please note, fill exceeding one (1) foot in height above natural grade requires a grading permit in compliance with Appendix E, 2000 International Building Code, unless exempted by Section E103.2.

If this project is not under construction within two (2) years from the date of this letter, the water and storm drainage portion of this reservation will expire, and a renewal request must be submitted.

Re: Wastewater and Water Reservation No. 0029008-000 *Lot # 2669 Fifth Ward*

Dear Applicant:

Reference is made to your application concerning the availability of water and wastewater capacity to 6,250 square feet being Tracts 1A, 2A and 3A, Greggs, Section 2, located on West Street.

Wastewater and water capacity is currently available for your proposed construction of a single family residence, or a development utilizing a maximum of 1.0 service unit per day.

An Impact Fee in the amount of \$1,067.47 and a \$5.00 Administrative Fee must be paid in order to reserve wastewater capacity. An Impact Fee in the amount of \$300.93 and a \$5.00 Administrative Fee must be paid in order to reserve water capacity. These fees must be paid within six (6) months from the date of this letter and prior to the issuance of a building permit. Houston City Council may review and revise related ordinances, which will change the above-quoted fees and/or the development criteria and design requirements for this project.

Ordinances provide for a waiver of impact fees for houses (single-family residences) that sell to the first-time purchaser for less than the median price of a home in Houston during the month the proposed home is permitted. Currently, the median price is approximately \$142,050. If you feel that your proposed development may qualify for this exemption, please do not pay the impact fees referenced in this letter and make certain that you fill out an Impact Fee Exemption Form at 3300 Main when applying for a building permit.

Furthermore, the City Engineer may, from time to time, revise the Department of Public Works Infrastructure Design Manual, resulting in changes to the design criteria and parameters that must be followed in the development of this site.

Failure to pay the Impact Fees within six (6) months from the date of this letter will result in the expiration of this reservation. The Impact Fees may be paid by mail or at 3300 Main, First Floor. A copy of the Impact Fee receipts and a copy of this letter must be submitted with your construction plans when applying for a building permit. **Please note, the Wastewater and Water Impact Fees quoted above are not refundable for any reason including failure to obtain a building permit or failure to proceed with the project for any reason.**
